HIGH SCHOOL WINS FROM SHINNSTON

Local Lads Made up in Speed For Their Lack of Heft.

Displaying much speed and using better judgement, although greatly outweighed, the light Fairmont High eleven was the easy victor over the Shinnston High school football aggregation in a game played at South Side park Saturday afternoon. Score of 13-0.

Fairmont scored first in the first quarter after a series of live plunges. Mills took the ball over the line, but fumbled. Fortunately Sarsfield recovered it and the first touchdown of the game was marked up for the local team. Another touchdown was made in the third quarter when Blins intercepted an attempted forward pass, running 40 yards to the goal, where he fumbled. Boyer recovered and the count was saved.

Coach Moore substituted entire team before the game was over. Four men were compelled to retire because of injuries. Hamilton at tackle re-injured a shoulder that was hurt in the Morgantown game. Quarterback Brown was kicked in the back while in scrimmage. Halfback Hess injured a ligament in one of his legs. Bell, the big Shinnston quarterback was knocked unconscious when tackled by Andre. The line-up and score: Fairmont—12 Pos. Shinnston—0

BAREFOOTED BOY TO GO TO SCHOOL

County Court Passed Upon Sad Mother's Pension Case Saturday.

An unusually pathetic situation was disclosed late Saturday afternoon when the county court heard the application of Mrs. Lizzie Sikes of the East Side, for a mother's pension.

Mrs. Sikes told the court that she was destitute of money and needed shoes and clothing so that she might send her children to school and live up to the State law in this respect.

Mrs. Sikes, who has rooms on Diamond street, East Side, has six children. Her husband deserted her about three years ago. It is understood that the children were obliged to go barefooted for some months.

Fortunately the court had a warm spot in its heart for the unfortunate woman and granted her a pension of \$25 a month which is more than the usual run of them. A. G. Martin, the county clerk, came across the case some time ago and he told Mrs. Sikes that if she could not make the necessary arrangements to get shoes for her children she should return to his office. This she did and was well paid for her visit.

BIG LEAGUE UMP OWES HIS VOICE TO THIS WOMAN

SEATTLE, Wash., Oct. 22.—The nationally famous "Ball Tui" of Silk O'Loughlin was heard during the world series at Chicago, only because a Seattle woman saved the voice of the American League's most temperamental umpire eight years ago.

She is Miss Annabelle Trent, voice teacher, then living in St. Louis.

During the 100 ball season Silk's power to make himself heard decreased startlingly. Sport writers predicted him a goner.

One night Miss Trent and friends were dining at a St. Louis hotel patronized by major leaguers and umpires. O'Loughlin was dining there that night, and he was introduced to Miss Trent.

"The trouble with you," said Miss Trent, "is that you shout way down your throat. It is sore because the sound strains it getting out. If you would open your throat, use your lips and tongue and keep it up every time you make a decision, you would be heard just as well and your throat wouldn't feel like a carbuncle."

After the meeting O'Loughlin took many voice lessons from Miss Trent with the result that his ailment was entirely cured.

W.V.U. ALUMNI WORK AMONG THE STUDENTS

Committee Also Named to Supply Publications to Men in Army.

MORGANTOWN, Oct. 22.—President G. M. Alexander of the West Virginia University Alumni Association, announced the appointment of two most important committees the first of which will be known as the Permanent Loan Fund committee and the second of which will have charge of the work of furnishing university publications to the alumni and former students of the university now engaged in war work.

The Permanent student Loan fund committee will be authorized to receive funds designated for the purpose of being loaned to worthy students of the University to assist them in securing an education and probably will also be authorized to superintend the making of such loans. This committee is as follows:

George S. Laidlaw, chairman; J. C. McWhorter, C. E. Carrigan, A. Bliss McCrum, Geo. I. Neal, Arthur S. Dayton, H. C. Ogden, Frank Cox, Kemble White, Raymond Maxwell.

It will be seen that these men are among the most prominent that have ever been graduated from the university.

On the committee to provide university publications to soldiers are the following: Rev. P. N. McDonald, chairman; Mrs. J. M. Callahan, Miss Flora R. Hayes, Frank B. Llewellyn, L. D. Arnette and Robert D. Hennen. This committee especially can do a great deal of most effective work just at this time.

We've a lot of respect for the American aviator in France who won't play football because it's too dangerous.

C. A. Comiskey, a two-year-old, won a race at Laurel the other day. It seems to be a habit.

All of which reminds us that Benny Leonard is still among those absent when the bugle blows for mess at the New York army camps.

It is rumored that members of the Woodlawn Bards of Chicago find training on the brass balls very strenuous.

Wonder how Walter Camp will ever pick an all-American team this year with Yale and Harvard out of it.

Poor Coffee plus Cheap Premiums CAN'T make a good drink

WHEN you pay regular prices for coffee of indifferent quality, don't think the premium is free. It isn't! The cost of the premium is taken out of the quality. If you want good coffee, you must pay for all coffee—not part premium—the kind that bears the name

Golden Sun Coffee

We start with good coffee and keep it good at every step. It is cut (not ground) to retain all the flavor. A special process removes all chaff. You taste the difference in the clear, fragrant liquid which Golden Sun always makes. Sold only by grocers.

GOLDIE GREENWALD

Greatest Woman Bowler Gives Pointers.

There is no woman's bowling championship, probably because it has only been in the last few years that women have taken an interest in this sport.

The nearest women have ever come to deciding a national championship was last year when the star Baker team of Cleveland toured about half of the United States meeting men's and women's teams with almost untarnished record.

The real star of this team was Goldie Greenwald who finished the season, bowling on strange alleys against new and old pins under all so conditions with an average that approached 190, a record that any man could be justly proud of.

This year Mrs. Greenwald will meet all challengers in match games for the national championship either on the home alleys at Cleveland or while on tour with the Star Bakers.

The West Virginian has secured Mrs. Greenwald to tell the benefits she has derived from bowling and to instruct beginners in the main points of the game.

NEAL CONQUERS HABIT—DRINK OR DRUG

Cleveland Neal Institute and Its Work of Helpfulness.

Not quite eight years ago the Cleveland Neal Institute opened its doors and sent out the cheerful word to victims of the drink habit that the Neal Treatment offered them a way of escape from the bondage of liquor appetite. The work then begun is still going gloriously on at the historic old homestead of John D. Rockefeller at 3920 Euclid avenue.

With Cleveland leading the way three more Neal Institutes have been established in the East Central division at Cincinnati, Pittsburgh and Detroit. The Institution at Cincinnati occupies the splendid old homestead in Avondale of Captain C. M. Holloway. The East Central division is under the general management of Dr. A. J. McNamara, formerly of the official staff of the Cleveland State Hospital.

At Cincinnati the Superintendent is Dr. W. H. Coontz, well versed in institutional work with experience gained at both the Cleveland and Chicago Emergency hospitals.

The Neal Treatment does conquer both the liquor and drug habits—the former in three days. The Treatment is Dr. B. F. Neal's tried prescription; is purely vegetable, taken by mouth, and quickly eliminates all the poison which creates all the craving known only to those whose systems are saturated with alcohol or morphine.

If you have a friend who needs relief tell him of the Neal Way. Write for illustrated free booklet. Telephone Avon 4020 or call in person. The Neal Institute, 601 Maple Ave. Avondale, Cincinnati, O. Other Neal Institutes at Cleveland, Pittsburgh and Detroit.
